LOAN BIKES & SCOOTERS • GOLF CARS • GENERATORS

Storm Season has already begun in the Moreton Bay Region and owning a generator has now become a "must-have" item when living in SE Qld.

Northstar Yamaha know how important owning a reliable and safe generator is and are giving you a \$150 Visa Gift Card when you purchase a Yamaha generator from them. See the team instore for more details.

Generator do's

- Keep the generator outside. Never use it indoors.
- Install a battery operated carbon monoxide alarm.
- Keep the generator dry. Do not use in rain or wet conditions. Protect from moisture by operating on a dry surface under an open canopy-like structure.
- Dry wet hands before touching the generator.
- Plug appliances directly into the generator. Or use a heavy duty outdoor-rated extension cord that is rated in watts or amps at least equal to the sum of the connected appliance loads. Check that the entire cord is free of cuts or tears and that the plug has all three prongs, especially an earthing pin.

Generator don't's

- Avoid creating a fire hazard. Store fuel for your generator in properly labelled non-glass safety containers. Store out of the home and away from fuel-burning appliances such as natural gas water heater in the garage.
- Before refuelling the generator, turn it off and let it cool down. Fuel spilt on hot engine parts could ignite.

Yamaha have generators from 1KVA up to 7.2KVA for commercial and industrial use.

“Breathe Easy” Air Treatment Solutions

by James Scott, Assistant Manager at Harvey Norman Rothwell

Air Purification - Most commonly air purification is a reactive purchase to a problem. People with allergies, Asthma and even skin sensitivities will most often seek a solution to a pre-existing condition. But why would people without these conditions consider purifying the air they breathe at home?

Air Purifiers do just that, they clean and purify the air in your home that you and your family breathe all day. From pollens to dust, bacteria's and mould/spore build up all the way to the odours

left behind by your beloved family pets. Air Purifiers will cleanse the environment that you live in so that you can “breathe easy” knowing that the air in your home is free from any impurities that are left behind after regular cleaning.

Humidifiers –

If you experience dry and sensitive skin a Humidifier is the perfect way to relieve the discomfort of the dry seasons. No more static shocks, humidifiers produce a constant level of humidity to condition the air. Humidifiers can

also suppress airborne viruses transmitted by coughing, making your home healthier, happier and more comfortable.

Dehumidifiers -

People in tropical climates know all too well the effects of a high humidity environment.

High moisture levels in the air can make your home environment quite uncomfortable. However the benefits of a

Dehumidifier go further than just making you home comfortable, they also provide a range of health benefits making your home less hospitable to allergens such as dust mites,

Diffusers – Using a diffuser is one of the most effective ways to disperse essential oils in your home. Essential oils provide your home with numerous health benefits. Citrus to boost immunity, Peppermint to open airways or relieve headaches and Lavender to boost your mood and help you to relax. Three great examples of how essential oils can change the environment in your home.

SAVE NORTH LAKES GOLF COURSE GALA DINNER

Community comes together to raise funds and voices

On Saturday October 13 in the Moreton Bay Room of North Lakes Hotel, 157 concerned and active locals got together to raise funds to fight the planned closure and redevelopment of North Lakes Golf Course.

Earlier in the year, a grass roots community action group sprang into action following the announcement that the course would be shuttered at the end of 2019 with a view to redevelop 11 hectares of the 57 hectare prime real estate site into an aged care and senior living facility by The Village Retirement Group (VRG).

The biggest event on the group's calendar was last Saturday night, with locals coming together to bid on donated items in an effort to raise funds for the group's fight. Andrew Cathcart, Luke Howarth MP, Chris Whiting MP and ex-councillor Yvonne Barlow all spoke on the night, Vivien Emsworth sang while Samantha Waldron MC'd. There were auctions, lucky door prizes and raffles (full list below) and although final fund raising totals weren't available as we went to press, the night was described as success.

Katrina Daff, a member of the SNLGC action group who put all the prizes together said she was amazed at the community's generosity and spirit.

"I was so blessed and overwhelmed by the support from our local community. I reached out to the local businesses and I expected to collect a few raffle prizes for the Gala. However I was blown away by everyone I spoke to and how willing they were to help. Even businesses that don't reside in North Lakes put their hands up. Thanks you to each and everyone one of you. Without you our night would not of been as success. If the community can somehow support these businesses this would be amazing," she said.

The fight to save North Lakes Golf Course continues. For more information or to get involved visit www.savenorthlakes.com.au, find the group on social media platforms, or email savenorthlakesgolfclub@gmail.com. **On the cover:** Mark Henderson and Yvonne Barlow

\$3 BILLION IN SUPER WAITING TO BE FOUND IN QLD

New postcode data released by the ATO breaks down suburb data in lost and unclaimed super

There is a whopping total of \$15,613,228 in lost and unclaimed superannuation in 4509 as at 30 June 2018. How do you find out if some of it belongs to you?

Assistant Commissioner Graham Whyte said now is the time for Queenslanders to reconnect with their lost super which is spread across the state in more than 706,000 accounts.

THERE IS A WHOPPING TOTAL OF \$15,613,228 IN LOST AND UNCLAIMED SUPER IN 4509 AS AT 30 JUNE 2018. HOW DO YOU FIND OUT IF SOME OF IT BELONGS TO YOU?

"We're determined to help people find their super and I'm pleased to say that in the past financial year more than \$667 million was consolidated into active super accounts by Queenslanders, giving their retirement savings a welcome boost," Mr Whyte said.

Mr Whyte said people can lose contact with their super funds when they change jobs, move house, or simply forget to update their details.

"It's important to remain engaged with your super fund through all stages of your career, not just when you are ready to retire."

"The data also reveals that more than a third of Australians still hold two or more super accounts."

"While we know that some people intentionally maintain a number of accounts, many are unaware that their super may be sitting in multiple accounts and possibly being eroded by fees."

"Once you have linked your myGov account to the ATO, you can view all your super account details, including any that have been lost or forgotten

about, and consolidate your accounts with just a few clicks."

"Tax time is a great time for individuals to check up on their super, particularly if they plan on doing their own tax return using myTax."

The ATO advises anyone who wishes to consolidate their accounts but is concerned about issues such as insurance linked to their accounts, to contact their super fund.

For information on how to manage your super and view all your super accounts including lost and unclaimed super, visit ato.gov.au/checkyoursuper.

LUKE HOWARTH MP

Federal Member for **Petrie**

Dear North Lakes Resident

I'm writing regarding the campaign to **SAVE NORTH LAKES GOLF COURSE**. Firstly I would like to thank everyone who has contacted me regarding this disastrous plan. The strength of the community to fight back has been inspiring and I'm proud to be part of the campaign to Save North Lakes Golf Course.

Despite this being the responsibility of Moreton Bay Regional Council, I joined the campaign on day one because **I strongly believe this land must remain a golf course**. The North Lakes community was built around the golf course and Lake Eden and this must be preserved.

Since the campaign started I've taken a number of steps to raise awareness about this appalling plan, including writing to Village Retirement Group (VRG) to ask them not to submit a Development Application. Here is part of the letter:

I am strongly opposed to any move that will see this land used as anything other than a golf course and I urge you to reconsider your plan to submit a development application (DA) for this site.

I have been contacted by hundreds of local residents who have voiced their concerns about this plan to me. Their concerns range from issues such as traffic congestion, devaluation of house prices, increased bushfire threat in the undeveloped land, and the threat a development of this size poses to native and endangered wildlife.

North Lakes is a great part of the world and I understand why you'd want to develop here. In terms of facilities; it really does have it all – including a number of already established retirement villages. This suburb was built around the golf course. It is the heart of the suburb and any move to change its functionality would be extremely detrimental to the region, but most importantly to the people who choose to call North Lakes home.

Rest assured, I will continue to fight against this plan and encourage you to all join the Save North Lakes Golf Course Facebook Page to stay up-to-date with the campaign. If there's anything you want me to know, please don't hesitate to get in touch.

Yours sincerely

ARE YOU AN AVID COLLECTOR?

Council is interested in your collection for 2019's The Keeper Exhibition

Do you want to share your passion and have your interesting, unusual or quirky collection exhibited at Redcliffe Museum?

Spokesperson for Lifestyle and Amenity Councillor Denise Sims said council was inviting residents to submit their collection or collections for The Keeper exhibition, which would be held between February 22 and May 26 at the Redcliffe Museum next year.

"Whether it's bottles or baskets, records or radios, teddy bears or tins, even model planes, trains and automobiles - Redcliffe Museum wants to hear from you," Cr Sims said.

"Expressions of interest close on Friday, October 26 and collectors will be notified between 12

THE CURLY HAIR EDITION!

COMB

Comb from bottom to top, in the shower while you have conditioner still in. Use a wide tooth comb to preserve the shape of your curl.

CONDITION

Don't Rinse **ALL** the conditioner out. Curly hair is naturally drier so leave a little bit of the moisture in there!

DRY

Dry your hair with a T-Shirt rather than a towel. Sounds crazy, I know! A towel will mess up your curls and make them frizzy.

TRIM

GET REGULAR TRIMS! I know it takes forever for your curls to grow but if they are spindly you won't wear them out anyway!

STYLE

Customise your styling routine by 'cocktailing' your products. I love to use a little bit of **Motion with some Argan Oil both by De Lorenzo!**

WEAR

Tie your hair loosely on the top of your head in a ponytail overnight to keep your curls from being flattened.

REFRESH

Refresh your curls with a curling wand.

When you wake up and your curls are looking less than glamorous, take a few pieces from the top layer and wrap them around your H2D wand. The wand comes with a few sizes so you can choose the size that will best suit your curl!

MEET KATHRYN!

BECKY B: What is your favourite aspect of doing hair?

KATHRYN: The style and finish of a fresh cut gives me extreme satisfaction. I think your hair sets the tone for your image, more so than makeup or outfits.

BECKY B: What do you do when you aren't doing hair?

KATHRYN: I love to express my creativity by cooking and creating some badass vegetarian dishes.

BECKY B: What's on your spotify at the moment?

Kathryn: Mac Miller, rest in peace.

BECKY B: How did Becky b find you?

KATHRYN: Becky and I met 9 years ago whilst hairdressing and remained friends. When I moved to the Sunny Coast the stars and moon aligned and I got my dream job. The girls welcomed me and I have only felt loved and supported since!

BECKY B: Celebrity crush?

KATHRYN: Cameron Munster.. there is still a spot for my +1 on the Becky B Bali trip!

BECKY B: What is one thing you wish everyone knew about hair?

Kathryn: Damaging your hair by excessive bleaching is not cool! Once the strong cystine bonds in the hair are over processed to cysteic acid there is no going back! Hair can only take so much.. don't do it people.

FEDERAL LABOR'S \$14 BILLION FUNDING BOOST FOR STATE SCHOOLS

Education Minister Grace Grace has welcomed Federal Labor's \$14 billion funding commitment for the public schooling sector.

Ms Grace said Queensland state school students and teachers deserved their fair share of Federal Government funding.

"Federal Labor's commitment of an additional \$647 million for Queensland state schools is a very welcome boost," Ms Grace said.

"Clearly, Bill Shorten and Tanya Plibersek have a strong vision for public schools and will give the sector its fair share of funding.

"It's great to see Federal Labor will prioritise funding for state schools, unlike the Coalition who have been dragging their feet on settling a fair funding deal for the states and territories.

"The Morrison Government has locked in a deal with the non-state sector, but we are no closer to reaching a long-term agreement for the state school sector.

"All we want is a fair deal for all Queensland students and this means public schools receiving their fair share of funding from the Federal Government.

"I'm looking forward to seeing the full details of Federal Labor's funding plan and working with them to progress state education in Queensland."

MORETON BAY WETLANDS EXPO

Redcliffe Environmental Forum (REF) has announced details of the upcoming Moreton Bay Wetlands Expo, to be held at Captain Cook Park, Captain Cook Parade, Deception Bay on Sunday 21 October from 10am to 2pm.

Ramsar is an international intergovernmental agreement that came into effect in 1971, in direct response to global concern around the loss and degradation of wetland habitat for migratory birds. Australia was one of seven nations to

sign the inaugural agreement—to conserve and wisely use wetlands globally—at a meeting in the small Iranian town of Ramsar (hence Ramsar Convention). Since then 90% of all countries have signed up. In 1993, parts of Moreton Bay were granted Ramsar status.

Parts of Moreton Bay and, fortunate for us, accessible parts of Deception Bay, have been identified as significant. These areas are home to many wonderful endemic species - plants, birds, crustaceans and mammals. These wetlands also host an array of migratory birds that 'over-winter' here (October to March), to escape the extreme cold of Arctic and sub-Arctic winters. Such shorebirds include the (Siberian) Red-necked Stint, the Alaskan Bar-tailed Godwit and a variety of Curlew species.

To celebrate 25 years of Ramsar, and embrace all things wetland, the expo will draw together almost 20 education and environment groups to explore our beautiful wetland environment and to celebrate the region's 25th anniversary as an internationally recognised Ramsar site.

The event is FREE and an essential addition to your calendar.

Redcliffe Environmental Forum is a not-for-profit environmental group whose mission is to Rehabilitate, Educate and Facilitate.

For more information visit www.redenviroforum.org/moreton-bay-wetlands-expo.html or the Wetlands Expo Facebook page at www.facebook.com/events/224186165089785/

Nearer the Gods is not your usual piece of theatre, it's high-concept art that orbits the greatest advance in human knowledge to date; the events leading up to the publishing of *Philosophiæ Naturalis Principia Mathematica*, in 1687. The production is a middle-brained exploration of faith versus reason. Faith in man, in god, in the unknown.

Williamson's *Nearer the Gods* zeroes in on the effort to publish the scientific tome by the Royal Society of London. In particular, an intellectual rivalry between Isaac Newton and his nemesis Robert Hooke and the debate about the scientific principals of planetary motion. In non-period correct garb, a high caliber cast of theatre and screen stars weave a human tale of rivalry and discovery, of personal trials against a corrupt establishment, of self-doubt versus cocksure, and faith versus reason.

Rhys Muldoon (House Husbands) plays obsessive man on the brink of genius and madness, Isaac Newton. **William McInnes** (SeaChange, Time of our Lives) fills the boots of King Charles II with pomp and provides many of the laughs while local stage stalwart **Hugh Parker** (The 39 Steps) plays Sir Christopher Wren. **Colin Smith** (An Octoroon, Twelfth Night) plays Robert Hooke with a perfect blend of conceit and frustration while **Daniel Murphy** pulls double duty as Isaac Barrow and Samuel Pepys. Local **Hsiao-Ling Tang** (Rice) playing Joane and Royal Equerry, and **Kimie Tsukakoshi** (The Family Law, Secret City) shines as devoted and gumptious Mary Halley while **Lucas Stibbard** (Hoges, Wanted), conjures great emotion from the roles of John Wickens and Simon.

THEATRE REVIEW: NEARER THE GODS

From the mind of acclaimed playwright David Williamson and directed by Sam Strong comes *Nearer the Gods*, the first production to play Queensland Theatre's new corner stage, the Bille Brown Theatre.

with every pound of his flesh, and probably soul as well, but those eyes convey everything.

As the lead venture at QT's new home, the stagecraft is astonishing. The sound design by Steve Francis is raw and moving. The lighting design by David Walters is spellbinding and once again, masterfully restrained. You know they could have thrown all the bells and whistles that the theatre has clearly built in, but they use just the right amount to make you wonder if you're watching the right medium. It's more than cinematic, it's transcendental. Something we can expect more of at Bille Brown Theatre is choreographed movement making use of the full space. In NTG, Nerida Matthea's smooth dynamic

reflects the subject of the play as everything orbits with universal gravity, and gravitas.

Much like Newton's theory, *Nearer the Gods* and the Bille Browne Theatre changes everything and will be forever difficult to separate from the Bille Browne Theatre. Together, the production and the venue set a new benchmark against which all future outings will be valued.

Nearer the Gods shows nightly with matinées on weekends until November 3, 2018 at Bille Brown Theatre, South Brisbane. Tickets and more details here or by calling 1800 355 528.

MOVE TOWARDS A BETTER FUTURE

with Leonie Schilling's

Counselling Services

Leonie has turned our relationship around and we are going in a great direction with both of us much happier. Should have done it years ago

Professional, kind and compassionate. She helped clear my hazy perception and set positive goals towards moving forward in my life

Incredibly grateful to Leonie for her spot-on advice regarding my highly emotional, anxious child.

After being very sceptical of the process, this lady made me feel very at ease and was very gentle with my feelings of grief.

THE CURSE OF WHEN

Hi Leonie,

I am at a very unsettled time in my life at the moment. My marriage ended early last year and the settlement has been done but I am still sad but not as heartbroken as I was.

I have a 2 year old boy. I plan to start studying when he starts prep because I want to eventually have my own career. I have made lots of goals for the future but I don't have much money.

I know that I need to take better care of myself and one of my future goals is to lose about 30 kilos. I know that I will feel better when I lose some weight, meet some new people and start a new career.

I am very lonely and plan to make friends when I get my weight under control. I can't wait to get my career so that I can buy and own my own home. I am on Centrelink payments and my Mum helps out where she can.

I just feel stuck as one day becomes the next and each day seems to be pretty much the same. I feel down a lot of the time and wonder when things will get easier.

You always seem to suggest such great strategies, do you have any that someone in my situation could use. Please don't publish my name as I don't want people to know how unhappy I am.

Single Mum/Deception Bay

Hi Single Mum,

When reading your email, I am hearing a lot of "when I's" for example, "When I lose weight...", "When my son starts Prep...", "When I meet new people and have a career..."

I call this the "Curse of When". While you are waiting for life to begin, you are stuck in a place called the Mean Time. Some people spend years in The Mean Time. It's like a kind of suspended animation where you put your life on ice til things get better. You ask if I have some strategies for someone in your situation and I will tell you as a very solution focused counsellor that the biggest strategy in this situation is to start living in the NOW. What can you do to make your dreams a reality right now? What steps can you take to move towards the life you want now?

Here are some things that you might choose to do NOW. See Centrelink and find out what courses or grants you are entitled to such as New Start or Job Start. Why wait till your son starts Prep to begin study? Doesn't it make more sense to get started now while you have support from your mother and the Government?

Start your weight loss journey NOW. Get a check up, join a weight loss club and start exercising NOW. The strategy of setting small goals as well as long term goals will help you get a sense of achievement and

keep you motivated to keep going. One goal might be to lose 10% of your weight by the time the Exhibition comes in August. Or your short term goal might be something as simple as one kilo a fortnight. Study and weight loss groups will also offer you a chance to make new friends and reduce your sense of loneliness.

Perhaps you could visit a counsellor and go through some career analyses to help you decide what type of vocation suits your interests and your skills. You could research your entitlements with Centrelink from there. Libraries are free so start learning about good nutrition, exercise and your chosen vocation now.

If you want a makeover, approach some hairdressing colleges and look at getting some treatments, haircuts and ideas from students. You can also find some great gear from Opportunity shops and I have helped clients put together some great work and uni outfits using these outlets.

So to sum up, I would encourage you to start living NOW instead of living in the MEAN TIME. The sense of excitement, achievement and pride that comes from being proactive in securing the future that you want for yourself and your child will be very different to the feeling of despair that you currently describe.

Til next week, Leonie

HEALTH LEVY ON SUGARY DRINKS

Queensland Survey shows support for obesity prevention initiatives

Queenslanders want a health levy on sugar-sweetened beverages, with over half of the participants from a new survey in favour of the policy intervention.

Results from Cancer Council Queensland and Heart Foundation's Everyday Health Survey released on World Obesity Day canvassed community views on sugar-sweetened beverages to identify consumer habits, determine understanding of the health impacts and assess support for proposed regulations.

The online survey found that 63 per cent of respondents are in favour of a 20 per cent health levy on sugar-sweetened beverages.

Cancer Council Queensland CEO Ms Chris McMillan said there was a clear link between the overconsumption of sugar-sweetened beverages and rates of overweight and obesity, and the survey had provided valuable insights into community support for proposed regulations.

"We know that sugar-sweetened beverages have little or no nutritional value and may lead to weight gain, which can increase the risk of a number of chronic diseases, including heart disease and some cancers," Ms McMillan said.

"Reducing the risk of obesity requires an integrated approach across different sectors, including improving the availability and access to nutritious food and reducing exposure to marketing of less healthy food options."

"A health levy of 20 per cent on the cost of sugary drinks can help deter people from these cheap and very unhealthy drinks and help recover some of the significant costs associated with

**REVENUE RAISED BY SUCH A LEVY

obesity and the increasing burden this puts on our public health care system."

Revenue raised by such a levy could be used to subsidise healthy foods (favoured by 62 per cent of respondents) or support school nutrition programs (favoured by 14 per cent of respondents).

"Our Everyday Health Survey showed strong

support from our community on these strategies, and more."

Heart Foundation Queensland CEO Stephen Vines said the survey confirmed Queenslanders are concerned about the impact sugar-sweetened beverages are having on their health.

"With 98 per cent of respondents saying they are actively trying to reduce their sugar consumption we really need to do all we can to support them," said Mr Vines.

"Just one can of soft drink is nine teaspoons of sugar and can undo the benefits of an otherwise healthy diet."

"Being overweight or obese greatly increases your risk of heart disease and we want to work with community and government to find ways to reduce the consumption of sugar-sweetened beverages."

While the survey found that 76 per cent of respondents had consumed a sugar-sweetened beverage in the three months prior, 85 per cent of respondents knew that it is very likely that consuming too much sugar increases the risk of overweight and obesity.

Cancer Council Queensland and Heart Foundation's Everyday Health Survey Sugar-sweetened beverages was conducted in July 2018, surveying the lifestyle habits and opinions of over 1260 Queenslanders.

YOUR STARS

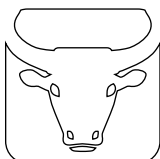

AQUARIUS. (Jan. 21 - Feb. 19): Whenever you think you're heading in the right direction, something happens that makes you doubt yourself. Rest assured you're on the correct path, but it's the landmarks that have changed.

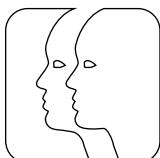

PISCES. (Feb. 20 - March 20): You can't force someone's hand, but you may not have to. Refusing to cooperate is the only ultimatum you need.

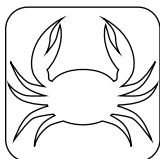

ARIES. (March 21 - April 20): Not another opportunity! Don't you have enough irons in the fire? Still, you never know . . .

TAURUS. (April 21 - May 21): You may not agree with someone's take on the matter, but there's no questioning the sincerity. This gives you moment for pause.

GEMINI. (May 22 - June 21): Things aren't coming together in the way you know they should. This might be the moment when you throw the pieces back in the puzzle box and start again.

CANCER. (June 22 - July 23): Don't scold yourself for getting sidetracked. You didn't have much choice. Focus on making up for lost time.

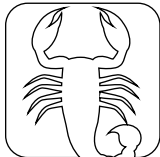

LEO. (July 24 - Aug. 23): A prodigal loved one returns to the fold after much worry. You should be relieved but instead you're angry. It's OK. Things are safe enough that you can allow yourself to experience emotions that were put on hold.

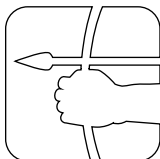

VIRGO. (Aug. 24 - Sept. 23): There comes a time when you have to stop worrying about doing things by the book and just wing it. And that time is now.

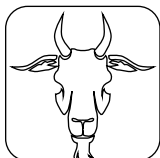

LIBRA. (Sept. 24 - Oct. 23): If it's been left to you to handle matters, then people must trust your judgment. And perhaps it's time you did as well.

SCORPIO. (Oct. 24 - Nov. 22): Believe it or not, your credibility isn't the issue. With Mercury opposite Uranus, it's other people's integrity that's questionable.

SAGITTARIUS. (Nov. 23 - Dec. 21): Upcoming changes are still weeks away, but you're already anticipating how things could play out. This keeps you one step ahead.

CAPRICORN. (Dec. 22 - Jan. 20): Your heart is willing, but you need more than what's been offered. Tell this person to keep you in mind if things change in the future.

When a shy vegetarian vampire princess called Lucy meets an adventurous, outgoing human girl called Jane, she sees a chance to realise her dreams of escaping her vampire world and her 'monstrous' controlling parents. Meeting at the dental clinic recently opened by Jane's square and well-meaning parents, the two girls make plans to escape Creepytown forever. But when her evil Stepfather and his Hunchback discover their plan, Jane and Lucy must act quickly to thwart the uncompromising villains and ensure their escape. Will the girls find their route to freedom and adventure or will events ultimately unravel their plans? With a chorus of vampires, werewolves, zombies and witches, Creepytown is a fun and action packed show which is sure to bring the house down!

SOLUTION TO HOUSING AFFORDABILITY IS POPULATION SPREAD

The introduction of a 'national plan of settlement' is a giant leap in the right direction to ease housing unaffordability, according to RiskWise Property Research.

The House of Representatives' Standing Committee on Infrastructure, Transport and Cities recently tabled a report on the development of cities and the need for a national strategy to address the issue.

The recent *Building Up & Moving Out* report details a 'national plan of settlement' focusing on population, employment, the economy of cities and regions, socially and environmentally sustainable development and connectivity between the cities and the regions with an emphasis on housing affordability.

The report states rapid population growth, insufficient and slow land supply, onerous planning regulations and taxation policies (supporting housing as investment rather than as a place to live) are key causes of housing unaffordability.

It recommends the Australian Government develop a framework for the development of

cities and regions outside the major metropolitan centres, undertake the development of transport networks which allow for fast transit between cities and regions, ensure urban and regional infrastructure is developed and the appointment of a Minister for Cities and National Settlement.

RiskWise CEO Doron Peleg said the report proposed "a good visionary solution for housing affordability".

"By reducing the population of major cities and encouraging people into regional areas, you affect supply and demand of housing and therefore affordability. If there is less demand, it follows that prices should drop," he said.

Australia's population recently hit the 25 million mark and this figure is expected to reach 26 million by 2020.

However, with the bulk (around 40 per cent) of the population concentrated in the major cities, particularly Sydney and Melbourne, and Mr Peleg said this only served to drive house prices skyward.

"The solution is to encourage development of larger regional areas and ensure they are well serviced by infrastructure and jobs to attract people away from the traditional employment hubs," he said.

A word from our clients...

"Darren is a very good operator. We only wished we would have employed him the first time and saved us the heartache of the other agents incompetence. Anyhow, Darren got the job done with his knowledge and fantastic communication. He is honest and transparent and that is what both of us asked for. We would highly recommend anyone looking at selling to definitely go with Darren. He will tell you what you need to hear not what you want to hear."
